## COMPANY PROFILE

TRANSMITEK is a professional manufacturer and supplier of propeller shafts for aftermarket automotive new transmission parts.

More than 50,000m<sup>2</sup> of modern standard area, with 500 sets of advanced equipment. We are a leading enterprise in propeller shafts transmission field automotive aftermarket.

The company won dozens of enterprise honors from national, provincial and local governments.

2000 passed ISO9001 international quality system certification;

2007 passed IATF16949; 2009 lead ERP management system;

2011 implement lean production completely; 2014 introduced Bar-code system for components management and link together with ERP system;

2016 carried out Bar-code and ERP system connection completely to make management data and intelligent.

And ensure the quality traceability and delivery in time effectively to guarantee the customers satisfaction.

2020, run the MES (Manufacturing Execution System) System

2023, gain national quality laboratory standard CNAS

The products occupy 80% of the market share in North America and Europe. We have customers in South Africa, Australia, Russia, etc.

It has cooperated with many Fortune 500 corporate brands and has been well received by customers.

The company will continue to meet new challenges to build the company into "the most competitive transmission cardan shaft system manufacturer in the world".

## ПРОФИЛЬ КОМПАНИИ

ТРАНСМИТЕК – профессиональный производитель и поставщик карданных валов для запасных частей автомобильных трансмиссий.

Компания была основана в 1996 году.

Более 50 000 квадратных метров современной стандартной площади с 500 комплектами современного оборудования. Мы являемся ведущей компанией в области трансмиссии карданного вала.

Компания завоевала десятки корпоративных наград от национальных, провинциальных и местных органы власти.

2000 г. прошел международную сертификацию системы качества ISO9001;

2007 г. прошел IATF16949; 2009 г. – руководитель системы управления ERP;

2011 г. полностью внедрить бережливое производство; В 2014 году введена система штрих-кодов для управления компонентами и

связь с системой ERP;

В 2016 году было полностью осуществлено подключение штрих-кода и системы ERP, чтобы сделать данные управления интеллектуальными.

И обеспечить отслеживание качества и своевременную доставку, чтобы гарантировать удовлетворенность клиентов.

2020, запустите систему MES (система управления производством).

2023, получить национальный лабораторный стандарт качества CNAS

Продукция занимает 80% доли рынка в Северной Америке и Европе. У нас есть клиенты в Южной Африке, Австралии, России и т. д.

Он сотрудничал со многими корпоративными брендами из списка Fortune 500 и был хорошо принят клиентами.

Компания продолжит решать новые задачи, чтобы превратить ее в «самого конкурентоспособного производителя систем трансмиссионных карданных валов в мире».

### NOTICES:

The data contained in this catalog has been thoroughly checked for accuracy, however we cannot assume any responsibility for errors, omissions or typographical mistakes that may appear.

When checking the number or model, if you find any doubts or check mismatches, please contact us in time, and then make final confirmation with actual samples or drawings.

Welcome to send inquiry or view our catalogue. If you don't find the number or model you want, please contact us in time, we will check carefully again and try not to miss our existing products.

Sample development is also very welcome.

We have a strong development team to develop high-quality products quickly and efficiently.

Thank you!
